DIVISION OF ENGINEERING CONTRACTOR OPEN HOUSE

Within the Ohio Department of Natural Resources (ODNR) is the Division of Engineering, which represents the agency in all aspects of planning and implementing ODNR's capital improvements program. The ODNR Division of Engineering provides engineering, design and construction management for all divisions within ODNR. In addition, the division provides technical and related administrative support services required by ODNR and its land-holding divisions in improving, utilizing and managing their properties and associated resources.

To facilitate the sharing of information about upcoming large civil construction projects involving improvements to dams, campgrounds and other infrastructure, the ODNR Division of Engineering is hosting the following event:

Contractor Open House
Monday, May 18, 2015
1 - 4 p.m.
Rhodes Center West Auditorium
Ohio Expo Center
717 E 17th Avenue
Columbus, OH 43211

This event provides an opportunity for participants to meet ODNR Division of Engineering staff involved with construction projects and learn about specific projects that will be going out for bid in the next 18 months.

There is no charge to attend the open house, however, there will be a \$5 parking fee. A short presentation will begin at 1:15 p.m., after which participants can talk with the project managers and consultants about specific construction projects that are in the design process now. For more information or to RSVP for the ODNR Division of Engineering Contractor Open House, contact:

Jason Kirby at 614-265-6953 or jason.kirby@dnr.state.oh.us, or Patti Barnett at 614-265-6508 or patti.barnett@dnr.state.oh.us.

We look forward to meeting you.
